BEFORE

THE PUBLIC SERVICE COMMISSION OF

SOUTH CAROLINA

DOCKET NO. 97-353-C - ORDER NO. 98-195

MARCH 13, 1998

IN RE:	Application of CSI Corporation for a)	ORDER
	Certificate of Public Convenience and)	APPROVING
	Necessity to Operate as a Reseller of Long)	CERTIFICATE
	Distance Telecommunications Services within)	
	the State of South Carolina.)	

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of CSI Corporation ("CSI" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate long distance telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. Section 58-9-280 (Supp. 1996) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed CSI to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of CSI's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. CSI complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. A Petition to Intervene was received from the Consumer Advocate for the State of South Carolina (the "Consumer Advocate")

regarding CSI's Application. The Commission received notice that the Consumer Advocate would not participate in the hearing.

A hearing was commenced on February 24, 1998, at 11:00 a.m., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. F. David Butler, General Counsel, represented the Commission Staff.

Jamie O'Steen, Vice President of CSI, appeared and offered testimony in support of CSI's Application. The record reveals that CSI is a corporation organized under the laws of the State of Colorado and is authorized to transact business in South Carolina as a foreign corporation by the South Carolina Secretary of State. According to Mr. O'Steen, CSI proposes to offer long distance services using resold transmission services of underlying carriers which are duly certified by the Commission. Mr. O'Steen explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures.

Mr. O'Steen also explained that CSI possesses the technical, financial and managerial abilities to provide its services in South Carolina. Mr. O'Steen testified that the Company would operate in accordance with the Commission rules, regulations, guidelines, and Commission Orders. Finally, Mr. O'Steen offered that approval of CSI's application is in the public interest as CSI's services will give South Carolina customers a wider selection of high quality services from which to select.

O'Steen indicated that the Company agreed with suggestions from Staff regarding certain tariff provisions and that the Company incorporated those changes in revised tariff pages.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

- 1. CSI is organized as a corporation under the laws of the State of Colorado and is authorized to do business as a foreign corporation in the State of South Carolina by the Secretary of State.
- 2. CSI operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.
- 3. CSI has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to CSI to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

- 2. The Commission adopts a rate design for CSI for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).
- 3. The Commission also adopts a rate design for CSI for its operator services which includes only maximum rate levels for each tariff charge. For intrastate interLATA ("0+) collect calls, CSI may not impose a fix operator service charge more than the intrastate charges then currently approved for AT&T Communications of the Southern States, Inc. ("AT&T"), and for the usage portion of the call, CSI may not charge more than the intrastate rates charged by AT&T at the time such call is completed. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).
- 4. CSI shall not adjust its interexchange rates below the approved maximum level without notice to the Commission and to the public. CSI shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not

constitute a general rate reduction. <u>In Re: Application of GTE Sprint Communications</u>, <u>etc.</u>, Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. Section 58-9-540 (Supp. 1996).

- 5. If it has not already done so by the date of issuance of this Order, CSI shall file its revised maximum tariff and an accompanying price list within thirty (30) days of receipt of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.
- 6. CSI is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.
- 7. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.
- 8. CSI shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If CSI changes underlying carriers, it shall notify the Commission in writing.
- 9. With regard to the origination and termination of toll calls within the same LATA, CSI shall comply with the terms of Order No. 93-462, Order Approving

Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

- 10. CSI shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.
- 11. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours.

 CSI shall file the names, addresses and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. Attachment B shall be utilized for the provision of this information to the Commission. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced, and the Company is directed to comply with the Commission regulations unless waived by the Commission.

12. This Order shall remain in full force and effect until further Order of the Commission.
